Dear Kids Food Basket,

Thank you for donating extra seedlings to IGE so we could fill our five raised beds. This is our second year, investing our labor and growing plants for our community. A friend of a friend recommended you to us, so I contacted Jason Lundberg, who assisted us in picking plants best for our conditions.

We have discussed donating whatever food we have at harvest time to a group such as Our Kitchen Table (OKT). But of course, if there is any way our produce is appropriate for your distribution process, you are welcome to it. In the meantime, we'll be nibbling.

Thanks again!

Chuck Neller
